

DIGITS FOR DOLLARS Official Rules

Promotional Period: Friday, May 1, 15 and 29, 2026

Method of Entry: The last two digits of each Member's official Hamburg Gaming Lucky North Rewards Account Number (in exact order) shall serve as their game card throughout this promotion. Digits range from 0 to 9; Two-digit numbers range from 00 to 99.

Once each hour between 12pm and 8pm (last drawing at 8pm), an associate will randomly select a 2-digit number by spinning a 10-wedge micro-wheel with wedges numbered "0" to "9". Once verified, the two-digit numbers spun will be deemed the official "Digits for Dollars" number for that period and will be announced on the gaming floor. A two-digit number can only be spun one time during each hour. In the event of a duplicate, a Hamburg Gaming Associate will spin the wheel again until a new two-digit number is revealed.

Members with matching numbers on their player's card will have five minutes to report to the Lucky North Rewards booth and spin a mini wheel to reveal a Free Play prize.

Diamond Doubler

Any winning member with a Diamond or Black Diamond Lucky North Rewards card will automatically receive double their wheel spin prize amount.

Restrictions: Digits for Dollars Wheel(s) must complete one full rotation to be considered a valid spin. Members are prohibited from manipulating the prize wheel. Sponsor reserves the right to spin two separate wheels or spin one wheel twice to generate the "digits for dollars" official draw. In either case, the "first wheel spin" must be matched to the "second last" Lucky North Rewards Account Digit, and the "second wheel spin" must be matched to the "last" Lucky North Rewards Account Digit to be considered a winning match.
